

Customer FEEDBACK

"A friendly caring voice over the telephone is much appreciated when a family is in need. This loan allowed our family to provide daily care to our sister in our home. I believe more families would bring their disabled family members home to live with them if they had the support in place to do so. Thank you!"

"From the start to finish, my experience with MoAT was pleasant and professional. The information was accurate, the loan materials arrived as promised and my approval came through quickly. Thanks to MoAT, I have a manageable loan payment and a hearing aid that is an essential part of my life."

How do I APPLY?

How Do I Apply?

Most applications can be printed off the Missouri Assistive Technology (MoAT) website at www.at.mo.gov. You can also call the MoAT office at 1-800-647-8557 to request an application.

Mail completed applications, with all supporting documents to the Missouri Assistive Technology office in Blue Springs, Missouri. If you need help with device selection or filling out your application, we may be able to provide resources to help you.

Contact our staff if you have any questions about what you need to provide, concerns about credit approval or whether your request is considered assistive technology.

Show Me LOANS

What does Show Me Loans do?

Show Me Loans offers low-interest loans to Missourians with a disability. The general loan enables people with disabilities in Missouri, and their family members, an option to purchase assistive technology equipment and devices, home access improvements or vehicle access modifications so they can become more independent.

The minimum amount that can be borrowed is \$500. The maximum amount is \$15,000. Loans for accessible equipment on a vehicle may be up to \$20,000.

What can be purchased with the loan?

Examples of the broad range of equipment that loans can be used for include:

- Hearing aids
- Vehicle modifications
- Wheelchairs or motorized scooters
- Augmentative Communication Devices
- Home access modifications and ramps
- Vision aids like magnification devices or Brailers
- Services to support AT like evaluations or training
- And more!

What you need TO KNOW

Who is eligible?

Loans can be for a Missouri resident with a disability or their legal guardian or family members.

What are the loan terms ?

The period allowed to repay a loan depends on the type of equipment for which a loan is made, and other factors, but can range up to 5 years.

Interest rates vary from 2% to 4%, depending on the household income.

The Missouri Assistive Technology website includes a loan calculator to help you estimate monthly payments for different loan repayment periods.

You can find the calculator and other program information at: www.at.mo.gov/loans.html

Can I qualify if I am on a fixed or limited income?

Show Me Loans is designed to assist individuals who may not qualify under traditional financing options.

If you have bad credit because of your disability, including bankruptcy, Show Me Loans will still consider your application. You must be taking steps to resolve your credit problems.

Loan types AVAILABLE

Show Me Loans
